

SS CLIP

PERFECT JOIN. STRONG HOLD.

FOR WPC & PVC PANELS

SS Clip is a premium quality stainless steel clip used between WPC and PVC panels for a seamless and sturdy installation.

Strong & Durable

Made from high quality stainless steel for long-lasting strength.

Rust Resistant

Corrosion resistant material ensures durability in all conditions.

Easy Installation

Simple and quick fixing between panels.

Perfect Alignment

Maintains proper gap and alignment between panels for a neat finish.

Wide Application

Suitable for WPC, PVC, fluted panels and decorative wall panels.

USAGE / APPLICATION

1

Fix SS Clip on the base surface

2

Insert WPC or PVC panel

3

Next panel connects with the same clip
